

Anything could happen now the all-new Mazda3 has redefined expectations. From its bold expressive styling to the Zoom-Zoom sports car handling, the all-new Mazda has set fresh standards for all others to follow. New-generation 2.0 or 2.5L 4-cylinder engines and a choice of manual or Activematic transmissions deliver heightened performance together with improved fuel economy and a surpassing of the stringent Euro 4 emission standards. Add in a comprehensive list of features and safety technologies plus a 3 year mazdacare service package at no extra cost and the new-generation Mazda3 is more car than you could have expected. Available in both Hatch and Sedan. Test drive the small car benchmark today at your nearest Mazda Dealer or visit mazda.co.nz
